Director of Industries and Commerce in Mysore

Bangalore (India)

4 SEP 1922

To

The Secretary to the Government of Mysore,
General Department,
B a n g a l o r e.

SIR,

49

I have the honour to forward herewith copy of a letter from the Industrial Chemist regarding the manufacture of "Perfumes". Government have approved of the arrangement to treat the expenditure as a part of the operations of the Soap Factory in connection with which these experiments have been started. The proposals of the Industrial Chemist may be approved. There is no likelihood of loss. I have authorised the Industrial Chemist to continue the work on the lines of the revised scheme submitted by him.

I have the honour to be,
Sir,
Your most obedient servant,

DIRECTOR.

BV)

Enclosed with a draft Enquiry.

7-9-22

Copy of letter No.522, dated 22nd August 1922, from the Industrial Chemist in charge of the Government Soap Factory, Bangalore, to the Director of Industries and Commerce in Mysore, Bangalore.

PERFUMERY PRODUCTS.

Ref. Your office No.O.C.2223/21-22, dated 25-7-22 conveying sanction to spend Rs.1,500/- form the Factory funds for experiments on perfumery produces.

I have the honour to report that on further consideration I find it will not be very much worth our while to embark on the new Venture on a very small scale. My original idea was to manufacture 250 bottles of high class scent and market it. The cost of production will be too high unless the quantity is increased. Therefore I give below estimates for preparing one thousand bottles of perfumes and I request your sanction to treat it as part and parcel of the Soap Factory work, the funds being taken out of the Revenue funds of the Factory.

E S T I MA T ES.

I. Bottles.

4 Ounce "Coty" 4 gross @ dollars 81/- per gross.	dollars	324.
2 " "Carr-Lowrey" (No.836 or 746) 4 gross @ dollars 40/- per gross	dollars	160.
	Total Dollars	484.

II. Labels.

2,000 metallic labels	dollars	46.
Die for the above	"	20.
Total	dollars	66

III. Boxes (Extra - special)

One Thousand	dollars	200
Total of I, II, & III	dollars	750
Commission, freight, carriage, Insurance Customs, etc.		250
Total	dollars	1,000

At Rs.360/- (approximate) per 100 dollars.
This will come to rupees 3,600.

IV. Perfumes.

High Class Essences.

(3

High Class Essences.

				Shillings.
8 oz. "A"	@	60/- (shillings)	an ounce	480/-

Requests to state the no and date of the G.O, approving of the arrangement to treat the expenditure as a part ~~as a part~~ of the operations of the Soap factory.

7 Sir,

I am directed to refer to your letter from the Offg. director Dte dc 2223 & 9.10.22 & to enclose a report. It will be seen from the report that Govt. have not approved of the arrangement to treat the expte. as a part of the operations of the Soap factory. It is also stated that funds are required merely for bottles to bottle and put on the market perfumes already distilled.

According to the estimate originally furnished the cost of bottles, labels, boxes, Essences etc. amounts to Rs. 5250 not to speak of 'Trade' Expenses; and a net profit of Rs. 1450. is also expected.

Submitted for orders.

13 SEP 1922

To

The Secretary to Government,
General Department,
Bangalore.

SIR,

With reference to your letter No.IC.1562/I&C.31-22-3 dated the 9th September 1922, in regard to the manufacture of perfumes in the Soap Factory, I have the honour to state that in order to find out the best perfumes for the toilet soaps manufactured in the Soap Factory and make proper blend, a great deal of experimental work had to be --- carried out and this experimental work has enabled the Industrial --- Chemist to obtain sufficient data to carry on the manufacture of perfumes as an independent commercial proposition besides obtaining the blends required for the soaps. The work was therefore carried on merely as subsidiary to the Soap Factory. In order to make the perfumes on a commercial scale no additional capital expenditure is required but only some working capital. As this working capital can be provided from the resources of the Soap Factory without additional grant from Government it is proposed merely to advance the working capital r---- required and ~~that~~ treat the scheme as an independent concern keeping separate accounts for it. The transfer of the Soap Factory will not in any way affect the scheme as it will not in any way form part of ~~its~~ the assets. By pursuing the investigations the Industrial Chemist is in a position to establish another industry. I therefore beg to urge my request for immediate sanction of the scheme which can be worked with profit and in regard to which separate accounts will be submitted.

I have the honour to be,
Sir,
Your most obedient servant.

D 1665

Dr C 31-22-7

OFFICE OF THE
DIRECTOR OF INDUSTRIES AND COMMERCE, IN MYSORE.

Bangalore (Camp) Mysore. 9th October 1922

FROM

GEN & REV. 11 OCT 1922

P. G. D'SOUZA, ESQ., B.A., B.L.,
Director of Industries and Commerce in Mysore
Bangalore (India)

To

The Secretary to the Government of Mysore,
General Department,
Bangalore.

SIR,

With reference to your letter No: I.C.31-32 dated the 23rd September 1922, I have the honour to state that it was found necessary to distil large quantities of Patcholy leaves, Citronella oil for use in the Government Soap Factory in order to get the blends required for perfumes and ~~the manufacture of perfumes~~. Such work has therefore been carried on as a part of the routine work in the Soap Factory and no special sanction of Government has been applied for. Mr. Sastry in the course of such work found that he could make some excellent perfumes without any additional outlay and wanted a small grant to purchase bottles and get labels printed. Government Order No: 10258-60/265-117 dated 13-4-1918 appointing Mr. Sastry provides that he should devote his attention to such investigations.

With a view to regularise such experimental work that has been done in the past in the factory, long before I took charge, I applied to Government for sanction. There is no specific order of Government under which the manufacture of perfumes has been undertaken as a part of the operations of the Soap Factory. The commercial results are so satisfactory that an application has been received from a private party to take over the manufacture of Eaud'Cologne.

In regard to new investigations the Department requires to be shown some latitude and whenever a promising line of development is revealed in the course of regular work of the Department this has ~~been~~

P.T.O.

~~been~~ pursued especially when it could be done without any additional expenditure. By distilling these essences in the factory a large amount of money has been saved during the war and for some time thereafter their prices rose very high.

In the circumstances, my proposals may kindly be approved as funds are ~~necessary~~ mainly required to bottle and put on the market perfumes already distilled ~~and blended.~~

I have the honour to be,

Sir,

Your most obedient servant,

D I R E C T O R.

Sir,

2970 1665 2570

Adverting to Government Order No. IC. 2115-6/I & C 31-22-8 dated 9th October 1922 sanctioning the manufacture of Handkerchief perfumes and directing that the sum of Rs. 1,500/- required for the purpose be met out of the grant of Rs. 10,000/- for experiments in the current years' budget, I have the honor to state that the amount provided is only Rs. 6,000/- and of these in accordance with G.O. No. 662-4/I & C dated the 25th July 1922 sanction has already been obtained to utilise Rs. 4,000/- and detailed schemes are being worked out, and the balance will be required for other expenditure during the year.

Since addressing Government, I have received another communication from the Industrial Chemist which shows that the total amount required for marketing the perfumes is Rs. 5,000/-. The amount is not intended to be utilised for any further experiments but for working out on a commercial scale results of experiments already made. The amount asked for now is merely required as an advance which is expected to be fully realised by sale of the perfumes. In these circumstances as the amount is not required for any final expenditure Government may be pleased to allow a sum not exceeding Rs. 5,000/- to be utilised for marketing the perfumes in accordance with the definite scheme now submitted by the Industrial Chemist from the amount allotted for working expenses to the Soap Factory. Separate - - -

accounts

accounts will be maintained for the scheme and the amount repaid as early as possible. If there is no account objection, a fresh advance of Rs 5,000/- may be made for the manufacture of perfumes to be met by the reduction of the grant to the Soap Factory for working expenses to this extent.

I have the honor to be,

Sir,

Your most obedient servant,

DIRECTOR.

No. OC 2223/21-2.

ENCL. No. nil

OFFICE OF THE
DIRECTOR OF INDUSTRIES AND COMMERCE, IN MYSORE.

Bangalore 30th November 1922.
2nd December

FROM

P. G. D'SOUZA, ESQ., B.A., B.L.,
Director of Industries and Commerce in Mysore

Bangalore (India)

To
The Secretary to Government,
General Department,
Bangalore.

SIR,

With reference to your letter No.IC.3297 I&C 31-22-9 dated th 18th instant, I have the honour to state that the sum needed to carry on the manufacture of perfumes is Rs 5,000/- and the sanction to incur this sum out of the Revenue account of the Soap Factory is solicited.

Mr. Sastry had submitted to me proposals originally to incur an expenditure of Rs 1500/- and this I had forwarded to Government for sanction with my No.OC.2223 dated 27-7-1922. Later on, he submitted a report that the grant was inadequate and wanted an enhanced grant of Rs 5,000/- I have forwarded his letter with my recommendation in this office No.2223 dated 4th September 1922. Government sanctioned our incurring an expenditure of Rs 1,500/- from out of the allotment under experimental industries in their order No.2115-6/I&C 31-21-6 dated 7th October 1922. I have in my No.OC.2223/21-22 dated the 25th October 1922 asked for a grant of Rs 5,000/- and suggested that it may be debited to the Revenue account of Soap Factory for reasons mentioned therein. The industry can hardly be regarded as experimental. The smallest scale on which it may be developed with profit is that involving an outlay of Rs 5,000/- which will be entirely recouped. When once we have thus developed the business there will be no difficulty in transferring it to private enterprise.

I have/
